

IPL Disclaimer and Consult Recap- Super Consent

The intense pulse light system is a multifunctional laser designed to help reduce the signs of sun damage, aging, and rosacea. The laser works as a package of 6 and very rarely (if ever) after one treatment.

Because some conditions are hard to treat(melasma, dark spots, rosacea) and the sun reactivates these conditions, WE DO NOT GUARANTEE RESULTS nor WARRANTY Results. We cannot track your sunblock use at home and your following of treatment protocols.

Please sign below to indicate that I have understood the limitations of any treatment on y skin (IPL, microderm, facials) and that series of at least 6 IPL's with a mandatory waiting period of at least 3 months after your last treatments.

Intitials

I agree to the above

I agree to follow protocols to the best of my abilities

I understand there are no refunds, warranties or guarantees

I agree not to get any other treatments from **any other spa** on my face

While I am in my series of treatments (incl . hair removal)

I agree to update Spa Black any new skin care or makeup

products I am applying to my face that we have not prescribed

I have no further questions and my aesthetician has explained the procedure, limitations and alternatives to me .
