

INFORMED CONSENT FOR CHEMICAL PEEL & MICRODERMABRASION

A skin peel is not a “cure-all” treatment, but for appropriate conditions, It can improve the skin. It is very important that you have a thorough understanding of what a peel can and cannot do for your particular condition. Please complete and sign this form.

I, _____, give my consent to Spa Black to perform a skin peel and/or microdermabrasion treatment on my face or body part in order to treat the following conditions
PLEASE INITIAL BY EACH AGREEMENT:

_____ The peel treatment was explained to me.

_____ I understand that the degree of improvement I can expect to see is dependent on many variables, and therefore cannot.

_____ I understand that this is a program of treatment, and that I may need several peels in order to achieve my best results.

_____ I understand that I can expect to have 1-2 minutes of stinging or burning sensation immediately after the peel has been applied or longer with certain peels.

_____ I have ceased use of Hydroquinone/Salicylic/Azelaic acid products several days prior to this service.

_____ I have ceased use of retinoid (Retin-A, Renova) several days prior to this service.

_____ I do not at this time suffer from HIV, Hepatitis, Herpes simplex (cold sores) infections or facial warts.

_____ I have informed my aesthetician if I suffer from diabetes.

_____ I am not currently undergoing chemotherapy, radiation treatments or using anti-cancer drugs at this time.

_____ I am not pregnant or breast feeding at this time.

_____ I am not sunburned at this time.

_____ I do not have permanent tattooed makeup (eyeliner, brow liner, lip liner) or I have notified the aesthetician so that my tattoo will be covered with Aquafor as not to fade or discolor ink.
(Applies to Glycolic peels only)

_____ I understand that I MUST use an SPF of at least 30 for the next two weeks following treatments. (Broad Spectrum required)

_____ I understand that use of tanning beds in between peel treatments will nullify the results achieved, and worse, can cause severe burns.

_____ I have been given PRE PEEL and AFTER PEEL care instructions (SEE PRE/POST INSTRUCTIONS CATEGORY FOR HANDOUTS). although complications are rare, they can occur nevertheless. Prompt recognition and treatments of any complications is necessary. It is extremely important that you follow instructions exactly and that you notify your aesthetician as soon as possible if you experience prolonged sensitivity for more than ten days.

_____ There are no refunds provided for peels.

Signature of client: _____ Date: _____

By signing, I agree to all statements and I am a good candidate for the treatment/peel today
